To Whom It May Concern:

It is a pleasure for me to write this recommendation for Skye Pinon. Ms. Pinon is an excellent teacher who joined our teaching family several years ago. She is a dedicated educator both inside and outside the classroom.

She has excellent rapport with her students. She is genuinely interested in students both academically and developmentally. An example of her dedication to her students is captured as she advocated for all students throughout their New Arrival Center experience. Ms. Pinon has great classroom control and constantly searches for ways to make her teaching more interesting and more informative. Her students like and respect her.

Ms. Pinon also relates exceptionally well to her peers, as she is a team player who is not afraid of hard work. She exhibits a friendly personality. When asked to participate in special projects or extra assignments, she is always a willing participant.

I consider her a capable and dedicated teacher and an asset to our school. It is difficult to find teachers with her talent, ambition and care. I recommend her without reservation for the position she is seeking.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles Podhorsky".
